

# Stub-EASE™

by  **EMERGENT**  
SAFETY SUPPLY

## Spec Submittal Sheet

Product Compound: HDPE (High Density Poly-Ethylene)

#2 Resin Identification Code

Density Range 0.93 + 0.97 g/cm<sup>3</sup> or 90Kg/m<sup>3</sup>

## Stub-EASE Specifications

- Available in **1/2"**, **3/4"**, **1"** and **1-1/2"** sizes.
- Can be used with **EMT or RMC** conduit via fitting conversions.
- Can be used with **short radius 90 degree elbow** to keep larger radius couplings in slab as well as smaller pipe sizes in shallow depth slabs.
- Can be **arranged in multiple configurations** for panel feeds using embedded supports.
- Maintains on all **embedded and/or permanent parts**
- Good **chemical resistance** to concrete.
